

## ABOUT L'ARCHE

L'Arche is a French word that means “The Ark”, referring to the Biblical symbol of refuge and safety.

Since its founding in 1974, L'Arche Greater Vancouver has been a vibrant community of people with developmental disabilities who share life together in a spirit of friendship and community.

L'Arche Greater Vancouver is a registered charity that has supported people with developmental disabilities to live with purpose within the safety of a caring environment for over 50 years. We provide homes and community inclusion programs that recognize an individual's giftedness and give them opportunities to use those gifts.

Celebrate creativity and community.  
Enjoy the artwork, meet the artists,  
and share some snacks with us!

# WALK WITH ME

**WALK WITH ME** is a relaxed afternoon of art, connection, and community. The show features paintings created by pairs of artists - people with and without developmental disabilities who are part of the L'Arche community, including Core Members, assistants, volunteers, and friends.

This year's theme, **WALK WITH ME**, is about the journey we share with one another. It speaks to the walks we take, the moments we create, and the friendships that remind us we do not have to walk through life alone.

Each piece is created together. People sit side by side, share ideas, and work on the same painting as it takes shape. Come browse the artwork, meet the artists, and enjoy some time with us. You might find a painting that speaks to you and would like to take it home.

We invite our neighbours of all ages to join us and experience the warmth of a place where people know one another, support one another, and everyone belongs.
